[13:37:58] Surendra Indla: who is going to take the session
[13:38:05] *** Group call ***
[13:38:09] Rajesh Kumar Kovuri: this is Rajesh Kovuri from Hyderabad. Currently I am staying in Kuala Lumpur.. I am working as software test engineer from past 2.5 years.
[13:38:47] ragav vedapuri: this is ragav has a 3 years of experience in testing in manual
[13:39:07] Weekend Testing: Its time for WT77 to start. I am Rasmus Koorits, your facilitator for today. Welcome :)
[13:39:14] Teri Charles: Hi, I'm Teri. I live in Boulder, Colorado in the United States. I've been a Tester for several years. I love to hike, travel, good books and good movies. I did my first Weekend Testing Americas last week and this will be my first Weekend Testing.
[13:39:32] Weekend Testing: Let me tell you all in brief how a session is conducted. We will test for one hour based on the mission provided. You are free to use any tools or any approach. You could pair with any other tester if you want. At the end of the one hour, we will meet for a discussion session which will also last for one hour. We will discuss about the approach used, learning and experience of this session. Please feel free to ask any questions in this chat or you can ping me in private too.
[13:40:11] ashwin kumar: Hi I am Ashwin from Chennai. been doing testing for the past 3 yrs mainly manual
[13:40:22] *** Call ended, duration 02:10 ***
[13:40:37] Weekend Testing: The mission for today is to test eBay "Add to watchlist" feature as a team effort. Please note that Add to watchlist actually has several options. The Wish list is of special interest to us, because it has new functionality.

At the end of the testing session, provide your observations and issues in the form of a test report.
[13:41:23] Weekend Testing: You will need to be logged in to access the feature. If you want to make a new eBay user for this
